Company overview: Topsec, part
of the Top Security Group, is
Ireland's leading provider

of IT security solutions. As part of a larger group, we benefit from global experiences. Our strategy is to provide complete IT Security and Broadband Communications solutions to our customers with a support service second to none. Supporting leading edge vendors such as Symantec and Qualys ensures our customers are exposed to the most

advanced defense and management solutions available. Our communications partner, ZyXEL, is the global leader in DSL routers, supplying over 3.7m units in 2005. Our customers benefit from direct HQ R&D from Taiwan enabling flexibility and delivery on any projects.
