

SPYING MOBILES

NAUGHTY kids beware - Big **MOTHER** is watching you. Youngsters can now be kept under surveillance at all times - with mobile tracking technology. Parents will be able to log on to a website and pinpoint their offspring's mobile phone signal to see where they are. Dublin firm Top Security will launch the service next month. Demand could be huge as more than 90 per cent of teenagers own a mobile phone. But all children being monitored have to be told - by law.
